What is SPIN?

Product of *infoEd* Global

Paid for by LSU Health New Orleans Libraries

- Extensive research funding opportunity database
- Tracks over 40,000 funding opportunities
- 10,000+ government, foundation, and corporate sponsors
- Grants, fellowships, training opportunities, limited submissions
- Regularly maintained and updated
- Set up custom searches and receive alerts

Preference Filters

- Use to remove results that you don't qualify for
- Apply through all search modes
- Retained for future sessions until you change them
- Useful to filter out irrelevant funding opportunities

A screenshot of a web application's preference filter menu. The menu is dark grey with white text. It is titled "Preference Filters" and is located in the top right corner of the page. The menu items are: Applicant Location, Applicant Type, Project Type, Project Location, Citizenship, and Sponsor Type. These items are highlighted with a red rectangular border. Below the menu items, there is a "Limit to:" section with the following options: US Federal Opportunities: Include, Limited Submission Opportunities: Include, Closed Opportunities: Exclude, and Display Currency: United States Dollars. At the bottom of the menu, there is an "Export Data Options" link.

A screenshot of the "SPIN Search Options" dialog box. The dialog box has a blue header with the title "SPIN Search Options" and a close button (X) in the top right corner. The main content area contains several settings: "Limit search to newly created programs (in days)" with an input field and a dropdown arrow; "Limit search to new or recently updated programs (in days)" with an input field and a dropdown arrow; "US Federal Opportunities" with a dropdown menu set to "Include"; "Limited Submission Opportunities" with a dropdown menu set to "Include"; "Opportunities that have no documented future deadlines" with a dropdown menu set to "Exclude"; and "Select Currency Display" with a dropdown menu set to "United States Dollars". At the bottom right, there are two buttons: "Save and Exit" and "Close".

SPIN Search Modes

Text Search

- Default search mode
- Search a simple word/term in entire SPIN record
- Every field is searched
- Broadest results

InfoEd Keyword Search

- Choose keywords from curated list
- Use AND/OR to combine keywords
- Searches for keyword term in record rather than the full text
- Results are more focused than Basic Search

Advanced Search

- Create customized searches
- Search multiple fields in SPIN record
- Most specific results

Text Search

Search ▾ Preferences ▾ Saved Searches ▾ Funding Alerts ▾ Bookmarks ▾ Administration ▾ Help ▾

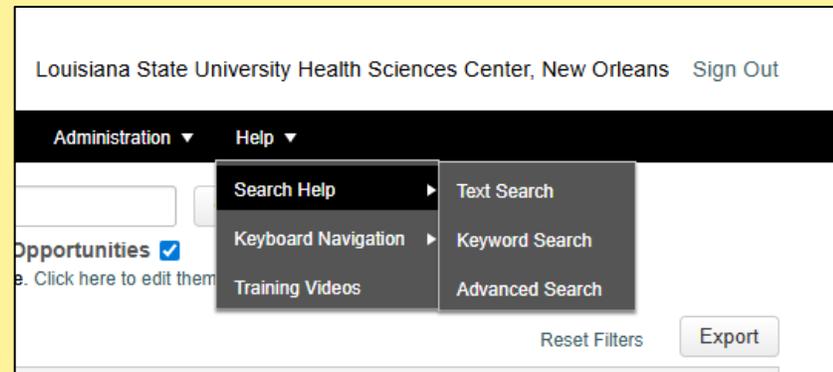

Exclude US Federal Opportunities
You have additional filters active. [Click here to edit them.](#)

- Default search mode and most commonly used
- Search for terms in the entire text of the SPIN records including titles, sponsor names, summaries, email addresses, and more
- Automatically includes basic variations of term:
 - science = science, scientific, etc
 - test = test, tests, testing, tested, etc
- Can make more complex using operators and additional commands

Text Search Commands

Command	Description
breast cancer	AND is implied operator; both words must appear in record
cancer OR oncology	Expands results to include either term in any field
“mental health”	Use double quotes to search for exact phrase; terms must be next to each other and in same order
child*	Asterisk serves as a wildcard; search for root word and any suffix; more expansive than basic variations; asterisk cannot be the first character of a search

Clear Locate Funding

Exclude US Federal Opportunities
You have additional filters active. [Click here to edit them.](#)

- Searches Keyword field in SPIN record; all records are tagged with keywords
- More than 3,500 terms in curated list
- Can use AND/OR to combine keyword terms; OR is the default selection
- Two ways to find keyword terms: **Explorer** and **Searcher**

Searcher Keyword Search

The screenshot shows a web interface with two tabs: 'Explorer' and 'Searcher'. The 'Searcher' tab is active. At the top right, there are three buttons: 'Save Selections and Continue', 'Exit', and 'Help'. Below the tabs, a search input field contains the text 'cancer'. To the right of the input field are two buttons: 'Reset list' and 'Show subset'. The main area is divided into two columns. The left column is titled 'Choose keywords' and contains a list of ten items, each with an unchecked checkbox: 'Bladder Cancer', 'Bone Cancer', 'Brain Cancer', 'Breast Cancer', 'Cancer Biology', 'Cancer Epidemiology', 'Cancer Predisposition', 'Cancer Survivorship', 'Cancer Therapy (excl. Chemotherapy & Radiation Therapy)', and 'Cancer/Carcinogenesis'. A vertical scrollbar is on the right side of this list. Above the list is a 'Select All' button. The right column is titled 'Selected keywords' and contains an empty rectangular box. Above this box is a 'Clear All' button.

- Find keywords based on terminology regardless of hierarchy
- Begin typing and a subset of keywords will appear in a list
- Default is to combine with OR; can change to AND

Explorer Keyword Search

The interface is titled "Explorer" and "Searcher". It features three columns of hierarchical categories:

- CATEGORY 1:** ARTS/HUMANITIES/CULTURAL ACTIVITIES, BEHAVIORAL/SOCIAL SCIENCES, EDUCATION, ENERGY, ENGINEERING, Economic Indicators, HEALTH AND SAFETY/MEDICAL SCIENCES/BIO... (highlighted), INTERNATIONAL/GEOGRAPHICAL REGIONS.
- CATEGORY 2:** Natural Processes (Health/Safety/Medical), Patient/Volunteer Classification, Physiological/Development Process, Research Resources (Health/Safety/Medical), Specialties of Medical and Allied Fields (highlighted), Structure/Function (Health/Safety/Medical), Technology Assessment/Transfer/Outreach (Hlth/Med).
- CATEGORY 3:** Aerospace Biomedicine, Allergy, Anesthesiology, Arthroscopy, Audiology, Biodefense, Cardiology.

Buttons at the top right include "Save Selections and Continue", "Exit", and "Help".

Below the categories, there are two sections:

- Choose keywords:** A list of terms with checkboxes: Aerospace Biomedicine, Allergy, Anesthesiology, Arthroscopy, Audiology, Biodefense, Cardiology, Cardiopulmonary/Chest Medicine, Chiropractic, Clinical Medicine - General.
- Selected keywords:** An empty box for the chosen terms.

Buttons "Select All" and "Clear All" are located above the respective sections.

- Select terms from hierarchical display
- Browse by categories and subcategories
- Choose keywords from Category 2 or 3 to add to your search
- Default is to combine with OR; can change to AND
